Attorney General of Texas

Request for Opinion

Dear General Cornyn:

Please render an opinion on Section 772 of the Health and Safety Code. The question is the extent of the service allowed to be provided by the 9-1-1 District. Is the district allowed to expend funds collected under this section for purposes other than the design of the system, establishment and operation of public safety answering points and the administration fee to the service supplier?

Thank you for your consideration of this request for opinion.

Sincerely,

*Bill G. Carter*
